To whom it may concern,

It is a pleasure to enthusiastically recommend Antoine Servant with who I worked for over 6 months, in association on multiple renovation projects in London.

During the time we worked together, I could always count on his dedication, his motivation and his professionalism. He does not hesitate to propose his own vision of a project and is not afraid to be creative in difficult situations.

He is able to work efficiently in handling simultaneous deadlines and to produce a consistent high standard of work even under extreme work pressure. Antoine has a great capacity to adapt to different projects and to his environment.

One main aspect about Antoine as professional is his capacity to create, the passion for architecture and willingness to constantly acquire new knowledge.

I have enjoyed working with him and wish him every success in his future experiences and projects. I am certain he will give evidence of his higher skills.

# Lina Ghotmeh — Architecture

Paris, January 24th  
2023

To whom it may concern,

I had the pleasure of having Antoine as an intern for 6 months in 2018 at Lina Ghotmeh - Architecture in Paris.

From the start, Antoine displayed an ability to articulate difficult concepts and ideas. He has a sensitive approach to the nuances within architectural practice, and his experience of living in different countries clearly has an influence on his work.

Antoine adapted to the different tasks he was set and was adept at considering the subtleties within the different projects. He also considered each project a challenge and used his knowledge according to the needs of the team.

He participated in meetings with clients, in which he spoke clearly and eloquently about the works and the analysis and responded to questions in thoughtful ways.

Throughout his experience at LG-A, Antoine was an active participant in office discussions and always supported his ideas. His inclusive personality allowed him to work well, and he was an integral part of every team.

Antoine demonstrated an openness to opinions and was constantly seeking constructive feedback in order to improve his skills. I highly recommend Antoine as he is intuitive, dedicated and focused on his pursuits.

Best regards,

Anna Checchi
